

# Risorse digitali per le scienze umane.

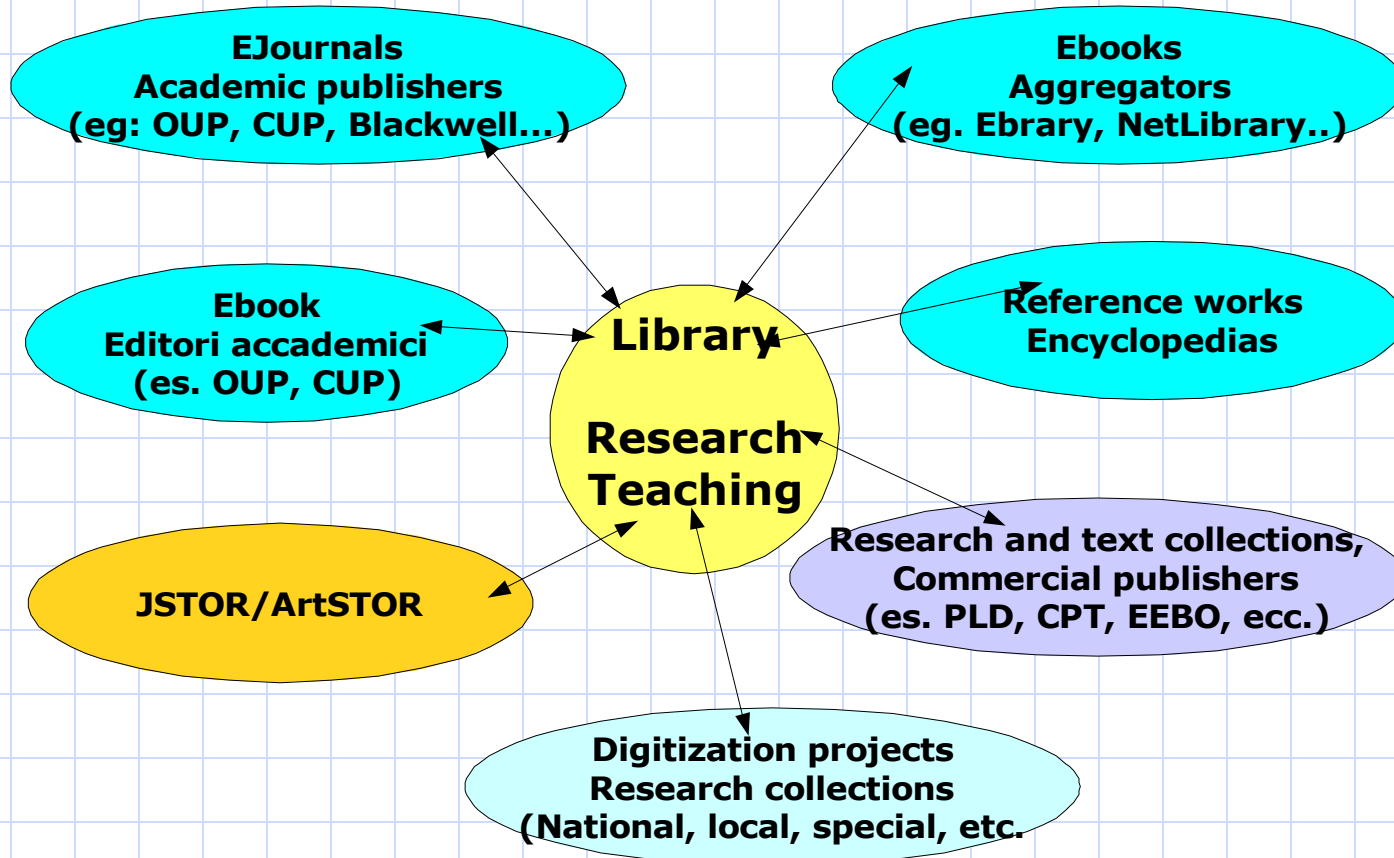

Strategie e tecniche di produzione, modalità di gestione, esempi d'uso

Dipartimento di Filosofia  
Università di Padova

8-9 ottobre 2009

Luca Burioni, E.S. Burioni  
Ricerche Bibliografiche

# 2007

# 2009

# Furthermore..

- ◆ Ebook emergency in the consumer market
  - Kindle, Sony, iPhone, ecc.; Amazon vs epub, ecc.
- ◆ Advanced experimentation in academic market
  - Textbooks (USA, JISC/UK)
  - Circulation via Ebook reader (NetLibrary, etc.)
- ◆ Crisis of the scientific monograph
  - Open Acces models? Print On Demand?

# Challenges

- ◆ Aggregation vs curation
  - Selection, presentation, recommendation, contextualization, ecc.
- ◆ Digitize and curate library “unique” collections, that nobody else will make digital:
  - ◆ e.g. local history and literature, pamphlets, ephemera, industry and working class documents etc.
- ◆ Collect and curate digital born material produced in your institution and territory
- ◆ Digital workflow of research and teaching
- ◆ Prepare for the Google Books institutional license

Thank you!  
Grazie per l'attenzione!
